Empathy Map

Create an empathy map to understand your customer/user from four perspectives - what they Say, Think, Do, and Feel - in relation to the problem your project addresses. This helps the team build a customer-centric solution.

PERSONA NAME: Loan Applicant

(Role / User Type): Customer

SAYS	THINKS	DOES	FEELS
• I want to know whether I am eligible for a loan before applying.	• Will my credit history affect my loan approval?	• Enters personal and financial information into the application.	• Anxious about whether the loan will be approved.
• The loan approval process should be quick and transparent.	• Is my income sufficient to qualify for the requested loan?	• Submits loan details for eligibility prediction.	• Hopeful to receive financial support for future needs.
• I expect a fair decision based on my financial profile.	• Can I trust the prediction provided by the Smart Lender system?	• Reviews the prediction result before proceeding with the loan application.	• Confident when the system provides fast and accurate results.
